The Bridge Breast Network

Dear Friend,

My name is Tracey, this cause is very near and dear to my heart! My mother was diagnosed in 1999 with a lump in her right breast and at that time she had no insurance, no money and no job. I remember telling her not to worry, "I got you". I started researching how I can get her help and found **The Bridge Breast Network**. They evaluated, diagnosed and had my mother in surgery within five days, no questions asked. They also helped her with counseling, the wig process, prosthesis and medical Medicare program. She would have had no life without them and was able to live for five years cancer-free.

Once my mother passed away I dealt with my grief at the **Fraternal Order of Eagles, (F.O.E.)**, a non-profit organization which gives back 100% of its profits. I became a member in 2008 and starting raising funds through the **F.O.E.** for **The Bridge Breast Network** in 2015. We raised \$2,750.00 our first year and raised \$11,600.00 last year.

We are excited to be going into our **4th Annual Bra Art Fundraiser**, Sunday, August 26th, 2018 at the **Fraternal Order of Eagles** located at 8500 Arturo in East Dallas. We are in search of unique creative bras for our live auction, models, sponsors, raffle items, financial donations and you.

The Bridge Breast Network saved my mom's life... with all of your help we can help **The Bridge Breast Network** make a difference. Thank you in advance for your time.

Sincerely,

Tracey Clinton

Build a bridge, save a life.

Build a bridge, save a life

The Bridge Breast Network plays a critical role in the fight against breast cancer by providing access to breast health education and medical services to both women and men. The program includes breast health and general health education, medical services to early detection and breast cancer treatment services, and survivorship assistance. Bridge Breast Network offers mammograms, sonograms, biopsies, breast surgery, chemotherapy, radiation and one year follow-up for individuals in North Texas. For every dollar received in donations, Bridge Breast Network is able to leverage that amount 10 times in medical services and 95 cents of every dollar received is used for client care.
