The Bridge Breast Network (BBN) has provided breast health services to nearly 200,000 low income North Texans who are without insurance or under-insured. Utilizing a network of over 300 medical providers and facilities that either volunteer their services or drastically reduce their fees, The BBN is able to provide the \$200,000 average cost of treatment for under \$20,000. In order to provide the much-needed services to an increasing number of clients, The BBN holds multiple fundraisers. Our 2019 Annual Gala will celebrate 27 years of building bridges of hope for the nearly 200,000 lives touched by the program and raise funds to continue our life-saving work in the community.
